Provenance

Scope and Content

This collection contains genealogical books compiled by Jerry Ross and Karen Ross as well as pedigree charts included with the books. The second edition of Ancestors and Descendants of James Ira Jones and Minnie Rozella Sparrow contains significant additions and corrections to the first edition; the authors assert that the second edition replaces the first edition in its entirety.

Items in Series I: Books have been cataloged and are available in the Heritage Center’s Published Family Histories collection (Ancestors and Descendants of James Ira Jones and Minnie Rozella Sparrow, 1st edition, has been moved to Archives).
